

## LC Process

A Connection Group Facilitator is pivotal to deliver the three elements of the powerful, proven LC experience:

### **1. LC Connection Groups:**

Facilitators meet monthly with a group of 6-10 leaders to work on each other's business and to have a significant impact in the lives of those whom they lead and care for.

### **2. Leadership Coaching:**

Facilitators meet with each participant in monthly, one-on-one coaching sessions to work on implementing business plans, solve problems, check-in on personal life concerns and frame challenges and opportunities they can bring back to the group for input.

### **3. Business Development:**

For each group participant, facilitators can create a Leadership Team Assessment and a strategic plan for tackling the most important issues in their business.

## KINGDOM LEADERS MEETING

- 01 **Check in**
- Name, Marriage/Family; Vocation; Spiritual
  - How Are You/What Is Going On?
  - What is your primary emotion right now?
